Dear Adventurer: Traveling to Africa with WHOlives is a rare opportunity to peel back the typical tourist trip and experience and interact with the children, people, and beauty in unforgettable surroundings.

OUR IMPACT MISSION

The Village Drill is in 40 countries around the globe and has brought clean water to millions of people. Experience the joy of bringing clean water to someone in need, which will not only impact their life, but yours as well.

TREK TO A SIMPLER TIME

We will have the rare opportunity to visit remote villages and schools that are home to some remarkable people. It's an amazing opportunity to learn more about ourselves as we interact with others from a different culture.

PROVISIONAL ITINERARY

Saturday-Sunday: Travel from USA to Nairobi, Kenya.

Monday: Travel to Kisumu Kenya to start the adventure.

Tuesday - Friday: Visit remote African villages and experience an unforgettable deep dive into another culture. Visit Village Drill sites, rural schools, and previous successful projects to see the impact WHOlives is having in this part of the world. Take a boat tour on Lake Victoria and enjoy the local sites, sounds, and tastes of Africa.

Saturday -Monday: Safari on the beautiful Masai Mara Game Park. Search for giraffes, elephants, leopards, rhinoceros, and of course, lions!

Monday-Tuesday: Return to USA

Together, we can change the world. One person, one family, and one community at a time.

Africa is waiting. It's time to go.
